

ACTON STACKER CHAIR SLED BASE

SKU: AC

The Original Acton Stacker®, with its distinctive Z-shaped frame, was designed for long-term seated comfort. The shape of the seat back is concave, so it sits against/supports the lower/lumbar part of your back. The back of the seat slopes up adding more support to your lower body. The unique “waterfall” seat slopes down to keep pressure off your legs, creating one of the most comfortable seating experiences.
