“Finally, an upscale, nestable luggage cart that both my staff and guests will appreciate!”

NESTABLE LUGGAGE CART

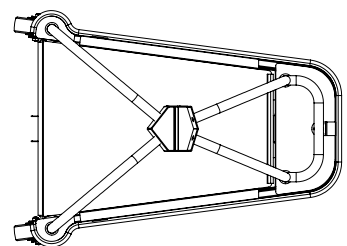

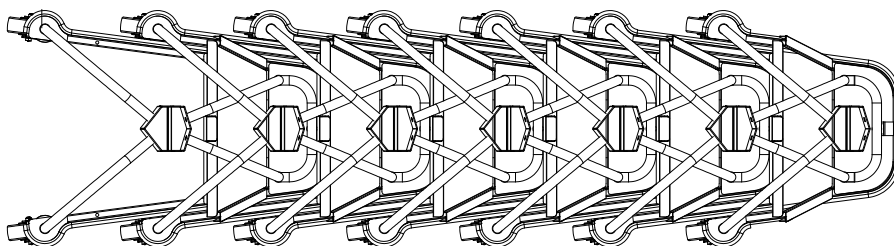

Introducing the BirdsNest™ Nestable Luggage Cart — a thoughtfully engineered solution for handling luggage that allows carts to nest together effortlessly, making storage compact and efficient. Building on the iconic design of the Forbes Industries Birdcage® Luggage Cart, the BirdsNest™ features a tensioned luggage deck that flips up for easy nesting. This unique cart combines the space-savings of nestable carts with an upscale appearance that both your staff and guests will appreciate.

THE SPACE-SAVINGS OF THIS UPSCALE LUGGAGE CART IS ABSOLUTELY AMAZING!

The BirdsNest™ Nestable Luggage Carts are similar in size to traditional carts, featuring a 40-inch deck that can hold a substantial amount of luggage.

However, unlike traditional carts, the BirdsNest carts are designed to save space, as they store in less than half the space required by standard luggage carts.

The BirdsNest™ Nestable Luggage Cart saves more than 50% of the space used to store traditional carts, providing you amazing savings on storage!
